

Humanities 6 Summer Reading & Assignments

Mrs. Fitzgerald

Introduction:

Welcome to the Brook Hill Middle School! I believe that MS at Brook Hill is the best place to be. In my class you will become. Become 6th graders. Become thinkers. Become courageous. Become. I hope you don't ever "arrive," but spend your time in my room "becoming." All the good stuff is in the Middle!

This summer you will be expected to read C. S. Lewis's *The Lion, The Witch, and The Wardrobe*. Lewis's book is an exciting read with strong connections to Christianity through themes of redemption, substitution, and the power of evil. As you read, make notes and mark pages on certain thoughts and connections you find that deal with those themes.

- You will be given an objective quiz the first full day of the semester over the reading. Be sure to do the reading and not rely on the movie. If you do the reading, you should do well on the quiz.
- We will do activities and lessons over the themes found in this novel during the first couple of weeks of school.
