

Hello Students,

For On-Level and Honors Classes: Please read *Nero: Makers of History* (Publisher: Canon Press), and be ready to discuss and review upon your return to school for your 2022-23 year. After our discussion of the contents in *Nero* we will have an examination. The reasons why this book has been chosen are many. But to give three would be fitting:

1. Nero was a compelling, complicated, and significant figure in the first century Western world.
2. He lived and reigned during a time of which our 10th grade Humanities class treats.
3. We will consider how God used such a corrupt man and hater of the Church to catapult the gospel throughout the Empire and on into various parts of the world.

I trust you will have a good summer,

Warmly,

MM
